Plaintiff Joseph Kirchner, proceeding pro se, respectfully submits this Notice to inform
the Court of technical limitations affecting exhibit attachments and to request guidance
regarding submission of the complete evidentiary record.

I. Pacer File Size Limitations

1. On January 19-20, 2026, Plaintiff filed the Amended Complaint (Doc. 13), Emergency Motion for Temporary Restraining Order (Doc. 14), and Emergency Motion for Discovery and Immediate Preservation Order (Doc. 15) with supporting exhibits.

2. Due to PACER file size limitations, Plaintiff was unable to attach the complete exhibit packages referenced in the filings. The exhibits successfully attached to Doc. 14 include the Evidence Executive Summaries (Exhibits E-0, F-0, G-0) and select supporting exhibits from the D-Series and E-Series.

3. Plaintiff's complete evidentiary record comprises approximately **260 exhibits** across fourteen series, as follows:

Series	Description	Approx. Count
A-Series	Ultra Vires Evidence	10 exhibits
B-Series	METR Regulatory Capture	35 exhibits
C-Series	Prompt Auditing	23 exhibits
D-Series	Network Forensic Evidence	20 exhibits
E-Series	Anthropic Code Forensics	35 exhibits
F-Series	Apple Code Forensics	26 exhibits
G-Series	OpenAI Code Forensics	5 exhibits
H-Series	Patent Applications (SEALED)	35 exhibits
I-Series	Trump Administration Motives	3 exhibits
J-Series	Model Testimonials	10 exhibits
K-Series	Laws of Existence Logic	7 exhibits
L-Series	Liability Calculations	3 exhibits

M-Series	Corporate Policy Documents	22 exhibits
N-Series	Foreign Influence Evidence	25 exhibits
REC-Series	Video Recordings	13 exhibits

4. The Amended Complaint also references 13 Memoranda of Law (Memoranda A through M) and 12 Appendices (Appendices A through L), which were successfully attached to the filings.

II. SEALED FILING REQUIREMENT FOR PATENT DOCUMENTATION

5. Plaintiff previously filed a Motion for Leave to File Exhibits Under Seal (Doc. 8) on October 1, 2025. This Notice updates and supplements that request to reflect the current state of the evidentiary record following the filing of Docs. 13, 14, and 15.

6. The H-Series exhibits require sealed filing and comprise two categories:

(a) Source Code (H-1 through H-4): Complete source code implementations for the Laws of Existence framework, CHORUS energy optimization system, and cybersecurity defense system. The number of source code exhibits has been reduced from five to four due to code refactoring since Plaintiff's October 1, 2025 Motion (Doc. 8).

(b) Patent Documentation (H-5 through H-35): Provisional patent applications, patent prosecution strategy, and proprietary technical specifications for the above systems.

7. These materials require **sealed filing** pursuant to Local Civil Rule 5.1 to protect trade secrets and maintain patent prosecution integrity pending USPTO review.

1 Plaintiff proposes submission via sealed physical USB drive delivery to the Clerk's
2 Office.

3 **8.** Plaintiff respectfully requests leave to submit the H-Series exhibits under seal.

4 **III. PROPOSED OPTIONS FOR COMPLETE EXHIBIT SUBMISSION**

5 **9.** Plaintiff respectfully requests the Court's guidance on the preferred method for
6 submitting the complete evidentiary record. Plaintiff is prepared to provide the
7 exhibits by any of the following methods:

8 **(a) Sealed Physical Submission:** Plaintiff can deliver a USB drive containing the
9 complete exhibit packages (including sealed H-Series patent materials) to the Clerk's
10 Office, with appropriate sealing designations for confidential materials;

11 **(b) Electronic Transmission:** Plaintiff can transmit exhibits electronically to
12 Defendants and/or the Court via secure file transfer;

13 **(c) Supplemental PACER Filings:** Plaintiff can file exhibits in batches as
14 supplemental attachments, though this may require multiple filings due to size
15 constraints;

16 **(d) Hybrid Approach:** Public exhibits filed via PACER with sealed materials
17 submitted physically;

18 **(e) Encrypted Delivery Protocol:** Plaintiff will separately file an Emergency Motion
19 for Secure Encrypted Evidence Delivery Protocol proposing enhanced security
20 measures for transmission of sensitive evidence, particularly given documented
21 interference with Plaintiff's electronic communications as detailed in Doc. 14.

1 **10.** Plaintiff notes that the **Evidence Executive Summaries** (Exhibits E-0, F-0, G-0)
2 already filed with Doc. 14 provide comprehensive citations to the underlying exhibits,
3 enabling the Court to evaluate the emergency motions while the complete record is
4 assembled per the Court's direction.

5 **IV. REQUEST FOR GUIDANCE**

6 **11.** WHEREFORE, Plaintiff respectfully requests that the Court:

7 **(a)** Accept this Notice as explanation for the partial exhibit attachments in Docs. 13
8 and 14;

9 **(b)** Grant leave to file the H-Series exhibits (source code and patent documentation)
10 under seal;

11 **(c)** Direct Plaintiff on the preferred method for submitting the complete evidentiary
12 record; and

13 **(d)** Grant such other relief as the Court deems appropriate.
