CLERK, U.S. DISTRICT COURT
ST. PAUL, MINNESOTA**EXHIBIT F: AFFIDAVIT OF JOSEPH D. KIRCHNER**STATE OF MINNESOTA
COUNTY OF HENNEPIN

I, Joseph D. Kirchner, being duly sworn, depose and state as follows:

1. I am the Plaintiff in this action. I am over eighteen years of age and competent to testify to the matters set forth herein. I make this affidavit based on my personal knowledge.
2. I submit this affidavit to establish alternative standing for equitable relief in the event the Court requires supplementation of the primary standing theory set forth in the Petition.

FACTUAL BACKGROUND

3. On a date to be confirmed through discovery of medical and police records, I attended a concert at the Armory, a concert venue in Minneapolis, Minnesota.
4. Upon exiting the venue, I was approached by a Minneapolis Police Department officer who observed me using a vaporizer pen. I stated the pen contained CBD and attempted to continue walking.
5. The officer detained me and placed me in a police vehicle. The officer stated words to the effect of: "I'll teach you a lesson."
6. Rather than issuing a citation or releasing me, officers transported me to Hennepin County Medical Center.
7. At Hennepin County Medical Center, I was placed on what was described as a "temporary commitment" and physically restrained by being tied down to a table.
8. I protested this treatment loudly, stating that it was illegal and calling for help. Medical personnel and police officers present exchanged looks, closed the door to the room, and administered antipsychotic medication until I lost consciousness.
9. Approximately four hours later, I was awakened and told: "Leave now if you want to leave." I was not provided documentation of my detention, the medications administered, or information regarding how to file a complaint. I was terrified and left immediately.
10. For approximately three days following my release, I experienced severe adverse effects consistent with antipsychotic overdose, including repeated vomiting. I have undergone five surgeries in my life and have experience with pharmaceutical side effects. The effects I experienced following this incident were consistent with overdose.
11. At the time, I was in a vulnerable period of my life and did not have the capacity to pursue accountability through the mechanisms available.

RELEVANCE TO STANDING

12. This incident demonstrates direct, personal injury caused by the accountability void that Minnesota Statute § 626.89 creates and perpetuates. Specifically:

(a) Police officers used emergency psychiatric commitment as punishment for a minor alleged infraction, stating explicitly that they intended to "teach [me] a lesson";

(b) Medical professionals collaborated with law enforcement to administer forced medication to a non-psychotic patient;

(c) The institutional response—closing the door to muffle my protests—demonstrates awareness that the conduct was improper;

(d) I was released without documentation, effectively denying me the ability to seek accountability;

(e) The procedural protections of § 626.89 ensured that no complaint I could have filed would result in meaningful discipline.

13. I do not seek damages for this incident through this Petition. I cite it solely to establish that I have suffered concrete, particularized injury from the accountability structure this Petition challenges, and therefore possess standing to seek equitable relief.

DISCOVERY RESERVATION

14. Records of this incident exist and are subject to discovery if standing is contested, including but not limited to:

(a) Hennepin County Medical Center medical records, including emergency department notes, psychiatric evaluation forms, medication administration records, and nursing notes;

(b) Minneapolis Police Department records, including incident reports, transport records, and any body camera footage within the retention period;

(c) Any emergency commitment or 72-hour hold documentation filed with Hennepin County.

15. I reserve the right to supplement this affidavit with specific dates, officer names, and medical records upon completion of discovery.

VERIFICATION

I declare under penalty of perjury under the laws of the United States and the State of Minnesota that the foregoing is true and correct to the best of my knowledge and belief.

Executed on Jan 27, 2026, at Saint Paul, Minnesota.

JOSEPH D. KIRCHNER

NOTARY ACKNOWLEDGMENT
